

# The Cross Shaped Life

## Part 3: Who Has My Password?

---

### INTRODUCTION

Once we have received a Spiritual Birth Certificate and turned on our flashlight for Jesus, we can continue to learn what it really means to be a disciple of God. None of this can be done without having a community of people around you. By devoting ourselves to fellowship, we get to walk with people who will help us grow spiritually, encourage us through difficult times, and be a light that no one can resist.

### WEEKLY READING

Acts 2:42-47

### DISCUSSION QUESTIONS

1. Discuss how your closest relationships have impacted your life.
2. How can you use your positive experience from engaging in a community group to encourage someone else to join?
3. According to Acts 2:42, what did the early church do when they gathered together? Discuss how your group can better focus on each of the elements discussed in Acts 2:42.
4. Explain how you have seen your relationships suffer because of a lack of face-to-face interaction.
5. What prevents you from developing close relationships with other people?
6. What are some steps you can take to develop closer relationships with people who do not know Jesus?
7. How can our group better encourage one another?

### MORE TO COME

Relationships with others requires vulnerability and trust. The more you walk together, the less you'll ever have to walk alone. Take a chance this week by opening up to others in your community group. Take a step of faith and trust in the people around you to come alongside you in hard times and celebrate with you in the good times. Don't allow your fear to stop you from getting to know others, because when your love for God deepens, so will your love for others.
